

## **Beaconsfield Gallery Vauxhall Art Workshops Working Creatively with Clay Summer Term 2025**

Beaconsfield Gallery Vauxhall is offering all-class ceramic workshops in June 2025 for schools within walking distance of the gallery.

We will be making terracotta plant pots with Beaconsfield artists, in collaboration with Mud Gang Pottery, while thinking about where clay comes from and the role that earth or clay plays in our ecologies. Suitable and adapted to all age groups.

We can offer two-hour morning or afternoon workshops in June on the following dates:

Wednesday 11 June

Friday 13 June

Friday 20 June

Wednesday 25 June

Friday 27 June

(Students who need to take time out are welcome to watch artists films on themes of sustainability in Beaconsfield's Lower Gallery.)

There are a limited number of sessions available: first come, first serve!
